The Neurodiversity Clinic

🌟 Join Our Team at The Neurodiversity Clinic! 🌈

At The Neurodiversity Clinic, we are more than just a mental health service provider – we are a neurodivergent and LGBTQ+ affirming space that fosters healing and growth. Embracing both evidence-based care and social models of disability, we focus on the impact of social systems on our clients' well-being, sense of self, and access to supportive environments.

Who We Are:

Founded in 2022 by Sarah MacCombie CMHC, OTL, and Angela Breeland COTA, our clinic is committed to providing outpatient mental health services to individuals, couples+, children, and families. Our core areas of expertise include trauma healing, anxiety and depression support, neurodivergent empowerment and destigmatization, LGBTQ+ transitioning and letter writing, religious deconstruction, and therapy for new life adjustments.

Our Approach:

We employ a diverse range of evidence-based modalities, including Internal Family Systems, EMDR, somatic experiencing, sensorimotor psychotherapy, motivational interviewing, Gestalt, guided breathing and meditation, somatic transpersonal therapy, attachment-based therapy, shadow work, and inner child work. Our goal is to address symptoms of trauma comprehensively and empower our clients to navigate life's challenges.

What we offer:

- Competitive rates based on experience, paneling, license: $50-$80 an hour
- Full administrative support with scheduling, billing, and other supportive tasks
- Monthly, and as needed, meetings with clinical director and/or neurodiversity specialist for workplace support and/or consultation
- Potential to increase compensation as clinic grows
- A work culture that respects and values work/life balance, flexible schedules, client-therapist fit, and supportive collaboration.
- Opportunities for professional development and growth
- Encouragement to explore and cultivate your niche within the field
- The opportunity to contribute creatively to the development of our clinic's vision and programming

Therapist Role and Responsibilities:

- We are looking for therapists interested in working at least 5 hours a week or building up your schedule to part-time or full-time hours

- This is an independent contractor position and ideal for someone interested in private practice but not interested in the associated administrative and marketing work.

- You'll provide neurodivergent and LGBTQ+-affirming mental health therapy for individuals, couples+, children or families in-person in office or on telehealth

- Work tasks include completing intake assessments and evaluations, diagnosis, treatment planning, therapy sessions, progress reports and discharge reports.

- We invite each therapist to run at least 1 group (flexible)

- Complete documentation by end of day

Requirements:

- Fully licensed therapists (PsyD, CMHC, ACMHC LCSW, CSW, LMFT, MFT) with liability insurance
- Must be affirming of neurodivergent, LGBTQ+, BIPOC, disabled clients
- Must be comfortable providing services by video chat or phone as well as in person
- Physical requirements: sitting, listening, talking, using video chat, attending clinical meetings in person or on zoom

Who We're Looking For:

- Previous training in IFS, EMDR, AEDP, SE, or other somatic therapy preferred
- Specialization, training, or experience with ADHD and ASD preferred

- Previous experience working with neurodivergent, LGBTQ+, BIPOC, and/or disabled clients and communities preferred.
- Interest in supervising associate level therapists preferred
- Evening availability preferred
- 3+ years experience preferred
- We prioritize hiring neurodivergent, LGBTQ+ and BIPOC therapists

If you are ready to embark on a fulfilling journey with us, where your expertise and passion for mental health are celebrated, we invite you to apply and be part of our dedicated team. Help us create a space where individuals of all backgrounds and identities can thrive.

To set-up an interview and learn more, please email us at admin@neurdiclinic.com or call us at 801-432-0015.

Join The Neurodiversity Clinic and be a catalyst for positive change in mental health! 🌟
